Navratri special lectures last day summary

The 9-day sublime lecture series commenced on the 14th of October 2021 with a recapitulation of the salient points discussed in all the previous lectures. At the inception a key topic "female safety and security" was discussed by Dr. Vasudha Apte focusing on legal and behavioral aspects of Indian society. Subsequently, salient subjects which encompassed various physical and mental attributes of women health were discussed including orthopedic problems, menstrual hygiene, infirmity in adolescents, female cancers, role of adequate nutrition, sexual harassment faced at workplace and stress management. The culminating lecture delivered by Dr. Jayashree Jadhav on "social aspects of girl child" highlighted the pressing issues and prejudice faced by a girl child right from conception throughout her life. Simultaneously, diverse solutions were offered for rectification. Thus, each and every lecture in the Navratri web lecture series provided valuable insights, cognizance and guidance for the overall wellbeing of women.
